

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

GAVE HER UP

Mrs. Stuart Finally Saved By Lydia E. Pinkham's Vegetable Compound—Her Story Interesting.

Elmo, Mo.—"I think your Vegetable Compound is wonderful for it has helped me. I had four doctors and they said I had female troubles and a tumor and nothing but an operation would help me. I could not sit still long enough to eat, and could sleep hardly any I was in so much misery with pains in my side and back.

"A year ago last spring my doctor gave me up, and he was surprised to see me this spring and to see my condition. I give Lydia E. Pinkham's Vegetable Compound the praise wherever I go for I know I would not be here today or have our fine baby boy if I had not taken it."

—Mrs. SARAH J. STUART, R.F.D. No. 2, Box 16, Elmo, Mo.

ECHOES FROM WINCHESTER.
Winchester Happenings Always Interest Our Readers.

After reading of so many people in town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Winchester resident leaves no room for doubt on this point.

Mrs. James Stewart, Davis, St. Winchester, Ind., says: "I was greatly benefited by Doan's Kidney Pills. For quite a while I suffered from backache which was always worse when I stood or overworked. The kidney secretions were also irregular in passage, causing me much annoyance. Doan's Kidney Pills had previously been used in our family with such good results that I began taking them. The contents of two boxes cured me and I have not been bothered since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

GENERAL CONFERENCE NEWS

(By Rev. J. W. Miller.)

Forenoon, afternoon and night is the strenuous program of the general conference as the end approaches. It will require at least two sessions daily from this until next Tuesday to get through even the major part of the work that the conference ought to do.

Bishop Oldham.
It is discussed through the conference that Bishop J. F. Oldham has consented to stand for election to the office of missionary secretary. This is the most responsible position within the gift of this general conference. There is no man in the church so capable of taking up the great duties of that office. It means more than to be elected a bishop.

While Bishop McIntyre was presiding the other day Rev. Robert Stephens and Rev. Chris. Galen of the Illinois conference got the floor and presented a fine banquet in commemoration of his having begun his ministry in the old Illinois conference. The gift was highly appreciated by the bishop and the entire conference.

Several of the most important measures are yet to be brought before the conference, such as the financial system worked out by the committee on temporal economy; the election of editors by paritizing territory to be reported from the same committee; consolidation of dioceses work; Episcopal supervision of colored conferences; time limit of pastors; Much legislation of the most important kind is yet to be heard from.

Deadline Due to Amusements.
The deadline for bishops broken last night has lasted ever since the votes was taken last Saturday and by most of the delegates was due to the attitude of some of the leading candidates on that question. One of the leading candidates lost a hundred votes and it was difficult to get them back. Other candidates dropped entirely out because of the tide of sentiment against them because of their vote to take out 260.

Mr. Bryan Makes Talk.
During the morning session Wednesday, Hon. W. J. Bryan was introduced to the conference. He spoke for fifteen minutes. His words were greatly appreciated by the members, judging from the frequent applause. He spoke of the moral lessons he had learned from his experiences in political life. He had just come from the Presbyterian assembly at Louisville, and brought on his own account greetings from that body. Mr. Bryan gave his great lecture on "The Price of a Soul" at the auditorium Wednesday night to a vast crowd.

Report on Sunday School Literature.
The most lively and interesting

part of the Wednesday morning session was the report on the Sunday school literature. Dr. McFarland took the floor in defense of his work as editor. The report was adopted.

J. A. Shanks, Lewisburg, Ind., enjoyed a visit from his grandchildren. Both had severe colds and coughed at night. The medicine prescribed failed to stop this coughing so Mr. Shanks took the matter into his own hands and says: "I got a bottle of Foley's Honey and Tar Compound and after a few doses they went to sleep and slept throughout the night without coughing." City Drug store, J. A. Obermeyer.

THE GLORIOUS FOURTH.

Will It Be Celebrated in This City Or Not?

The birthday of the nation is fast approaching and as yet no concerted plans have been made for its celebration. Of course a good many will go away and a great many more will be unable to get away and it is only fair that they have a day of celebration. In the past we have had some pleasant days at Nichols park and there is no reason why we should not have one this year. Steps should be taken to have the day observed appropriately.

SHOWS GOOD GROWTH.

Twelve Hundred and Fifty Charters Issued to M. E. Brotherhoods in Four Years.

Minneapolis, May 24.—The report made by the Methodist Brotherhood was presented at the general conference tonight by Fayette L. Thompson, its secretary. The report declared that the Methodist Brotherhood is "a serious attempt to help solve the man problem in the church," and pointed to the issuance of 1250 charters in the four years since its organization.

Work of the brotherhood in Switzerland and India was noted and a plea was made in the report that the many groups of men doing work for the church affiliate with the brotherhood for the advancement of the cause.

Attention was directed to the part the Methodist brotherhood has played in organizing the Knights of Methodism, a boy's organization in the church and in conclusion the conference was told that the part taken by the brotherhood in the shaping and directing the Men and Religion Forward Movement was gratifying to those having that movement in view.

The conference was asked to continue the Brotherhood for another quadrennium.

Miss Adella Kepler, Gertrude Kumble, Barbara Gebert and Alice Ross are visiting today and Sunday at the home of Miss Ross' uncle, John Stuart, and family in Springfield.

DO NOT WANT ROOT FOR CHAIRMAN

M'HARG SAYS ROOSEVELT FORCES WILL NOT STAND FOR NEW YORK SENATOR.

Insists That the Temporary Chairman Must Be Someone Who is Absolutely in Accord With the Roosevelt Policies—270 Contests Will Be Heard by National Committee.

Chicago, May 24.—Ormsby McHarg, of New York, one of the managers of Theodore Roosevelt's campaign for the presidency, tonight declared that the Roosevelt forces would refuse to abide by the selection of United States Senator Blinn Root of New York as temporary chairman of the national convention.

McHarg said that the Roosevelt managers would insist on the naming of a chairman in accordance with the Roosevelt policies.

The names of Governor H. S. Hadley of Missouri, Governor Hiram W. Johnson of California, and Senator Moses E. Clapp of Minnesota were mentioned by McHarg as being acceptable in this connection, to the Roosevelt forces.

McHarg spent several hours in Chicago today with the Illinois Roosevelt managers on his way to St. Paul, Minn., where tomorrow he will meet a delegation from the state of Washington to map out plans for presentation of Washington contests to the national committee in Chicago. McHarg said he would have charge of all Roosevelt contests to be taken before the Republican national committee this year, as he did four years ago for President Taft.

Says Roosevelt Will Control.

"When the convention meets," McHarg said, "the Roosevelt strength will be such that we will control, absolutely. We propose to organize that convention along lines that will not be at all comfortable for Senator Root to preside. That convention must have as chairman a man who is in accordance with Col. Roosevelt's views and policies, and that means it must be someone other than Senator Root. It is obviously impossible to have a chairman delivering a keynote speech who is out of sympathy with Col. Roosevelt and the progressive cause. There is no other side to that question."

In discussing the subject of contests to be brought before the national committee, McHarg said there would be at least 260 or 270 contested seats as against 229 contested seats at the 1908 national convention. He will return to Chicago June 3, to take up the active work of presenting contests to the committee on June 6.

June 3, it was said to night, will signal the opening of activities in Chicago for the final pre-convention struggles between Taft and Roosevelt forces. On that date the Taft and the Roosevelt national headquarters will be moved from Washington, D. C., to Chicago. Congressman Wm. B. McKinley of Illinois will be in personal charge of the Taft headquarters and United States Senator Dixon of Montana will direct the work of the Roosevelt bureau.

Charles Nagel, secretary of commerce and labor it was announced tonight has decided not to sit on the contest committee of the national organization and had delegated his proxy as national committeeman of Missouri to Congressman Richard Bartholdt of Missouri.

Those members of the Republican national committee who were in Chicago today discussed among themselves the probable line-up of the temporary roll of delegates in the convention in the contest between Taft and Roosevelt and the opinion was expressed that neither candidate would have 540 instructed votes necessary to nominate.

They agreed that the control of the convention would be in the hands of the uninstructed delegates but that their action might be in the matter of selecting a candidate. A supporter of Taft on the committee declared that even if Roosevelt won all the delegates yet to be chosen he still would be short of the necessary 540 votes.

The members of the national committee who have considered the matter do not expect a fight to be made on the selection of Senator Root as temporary chairman of the convention.

\$1,000,000 GIVEN TO EDUCATION.

General Educational Board Distributes Large Sum Among Colleges.

New York, May 24.—Nearly \$1,000,000 was contributed to the cause of education by the general educational board, founded by John D. Rockefeller, at its meeting here today.

Of this sum \$700,000 was appropriated for distribution among five colleges, the largest contribution of \$250,000 going to the George Peabody college for teachers of Nashville, Tenn., for the establishment of the Seaman Knapp school of country life. Coe college, Cedar Rapids, Iowa, will receive \$100,000.

MAY DISMISS CASES.

Davenport, Iowa, May 24.—Following the acquittal of Clayton Rowland by a jury last night, and the mistrial in the case of Oliver Wilson, state's attorneys intimated to night that remaining indictments against the Muscatine labor leaders, charged with conspiracy against non-union men during the button workers strike will be dismissed.

TAFT CONTINUES JERSEY CAMPAIGN

PRESIDENT DECLARES AT LUNCHEON HE HAS ENOUGH TO NOMINATE HIM.

Motored Over Dusty Roads and Addressed Many Audiences—Continued Attacks on Roosevelt's Policies.

Jersey City, N. J., May 24.—"I have enough delegates to renominate me at the Chicago convention," That was President Taft's declaration to day to a score or more of Republicans who met him at the luncheon given in his honor by State Senator Frelinghuysen of New Jersey at Somerville.

The president's second campaigning day through New Jersey was one of the hardest he has ever put in. For more than five hours he motored over dusty New Jersey roads, talked to thousands of persons, and kept up his attacks on Col. Roosevelt. The crowds that met the president were large and fairly demonstrative.

"It is a very unwise and dangerous thing to depart from that wise tradition that limits a president to two terms," said the president in a speech at Plainfield late to day. "It is especially unwise with a man of Mr. Roosevelt's type, with his capacity for appealing to his people, his ability to arouse the elements that are disturbing in the community, preaching doctrines of discontent with his powerful personality, with his unbounded constitutional views and with his impatience of legal restraint. It would be a calamity to put him in the white house again."

"He has that power of centering upon himself the thought that he is coming to anything. It developed Saturday night in Cleveland in the statement that he proposes to be nominated at Chicago and he did not propose to have anybody take the nomination away from him, and if they did, and if they prevented his nomination, though he left the convention, those remaining would be left alone. And why? Because he said I am the Republican party organization."

"My friends, I do not cite that by way of ridicule. I only cite it to show the character of this man and to what he has developed in recent years—how little restraint he has upon his expression and upon his purpose—and I say to you in all confidence, that we are allowed to hold a third term in violation of that wise tradition, intoxicated as he would be with the sense of power coming from the conferring upon him of an office, an honor that has been denied to all the illustrious of the country, it would not be safe to have him there and under those conditions."

Those who love the Republic must see to it that no such risk adheres to it."

BILL ROUGHLY TREATED.

Washington, May 24.—A rough reception was accorded the naval appropriation bill when consideration of that measure was resumed in the house today. One after another pet provisions of the framers of the bill went out on points of order. Three of the principal reforms striken out included a proposed change in the promotion and retirement of officers based more largely on sea service than at present; the creation of a council of national defense and the creation of the rank of admiral and vice-admiral to be bestowed on the commanders of the Atlantic and Pacific fleets.

GRAND ARMY ELECTION.

Officers Named at Encampment For Ensuing Year.

Peoria, Ill., May 24.—The forty-sixth annual encampment of the Grand Army of the Republic of Illinois closed here this afternoon after the election of officers and the installation ceremonies. Thomas H. Gault of Chicago is the new department commander, having defeated H. H. Crowder of Bethany, after a spirited contest. Robert M. Campbell of Peoria was elected senior vice-commander and Harry Lamb of Washington was elected junior vice-commander.

Delegates were also elected one from each of the congressional districts in the state to the national encampment which will be held at Los Angeles in September.

Following the election of officers and the installation ceremonies, the veterans, their families and friends were given a steamboat ride on Peoria lake. The encampment officially closed tonight and the veterans departed for their homes.

The Woman's Relief corps today elected the following officers: Department president—Mrs. Josephine Kelly, Earlville.

Senior vice-president—Mrs. Elizabeth Spellhammer, Chicago.

Junior vice-president—Mrs. Alma Arps, Palatine.

The ladies of the G. A. R. elected: President—Mrs. Lizzie Fields, Chicago.

Senior vice-president—Mrs. Sarah McCoughney, Rochelle.

BEGIN WORK ON SURVEY.

Janesville, Wis., May 24.—Actual work on the government survey between Janesville and Sterling, Ill., with the view to deepening the Rock river and making it navigable has been begun. H. E. Reeves, of Washington, of the engineering corps of the war department has arrived to take charge of the 25 men who will start at Janesville and work down the river to Freeport taking between four and five months on the trip.

VERY BITTER FIGHT IS NOW INDICATED

NATIONAL REPUBLICAN COMMITTEE CERTAIN TO HAVE STORMY TIME OVER CONTESTS.

McKinley Says Roosevelt and Followers Will Seek to Terrorize Convention—Reports Circulated That Colonel Desires Removal of Several Members of the National Committee.

Washington, May 24.—The bitterness of the fight that is to rage about the national committee, when it begins consideration of contest cases in Chicago, June 6, was emphasized to day by a statement from Representative William H. McKinley, head of the Taft campaign forces.

Mr. McKinley declared it was becoming apparent that Col. Roosevelt and his followers will resort to every known means to terrorize the Chicago convention.

"That the time has come when the moral stamina of the leaders of the Republican party is to be tested as it has not been since the civil war, is certain," Mr. McKinley continued.

"It is within the power of the national committee to make or break the Republican party for many years to come. The party is strong enough to withstand the shock of any attack within or without, but no party can survive a compromise with principle, or an abandonment of all principle."

The McKinley statement was given out as the result of widespread reports that Col. Roosevelt desired the removal from the national committee of certain members whom he knew to be strongly opposed to him. Senator Dixon, the Roosevelt manager, was not in the city today, but his close associates declared the Roosevelt committee gave no approval to the stories that the national committee was controlled against their candidate.

Mr. McKinley's statement was followed by another from the Taft bureau in which it was asserted that telegrams circulated by the Roosevelt headquarters tending to show that the Taft supporters were considering a compromise candidate, were without foundation.

Taft Statement Issued. "First, last and all the time," says the statement, "President Taft is in the present fight to stay and his friends will stay with him until he is re-elected and re-elected president of the United States for a second term."

The statement by Manager McKinley of the attitude of the national committee toward the contest cases which involve the seats of a large number of delegates at Chicago was most open and direct.

"It must be expected that those national committeemen whose consciences may force them to disagree with Mr. Roosevelt will be openly denounced by him," said Mr. McKinley, "and the whole committee will be misrepresented and vilified, collectively and individually by Mr. Roosevelt, exactly as he has misrepresented and denounced those who have hitherto disagreed with him during his public career."

"The Republican national committee itself made the rules under which delegates have been elected to the national convention and its sole duty now is to see that these rules have been obeyed to the letter. There must be no compromise. Theodore Roosevelt has seen fit to bring 95 per cent of the 'contests' before that body does not alter the issue involved."

"The friends of President Taft believe that the Republican national committee as now constituted is representative of the Republican party and that it will do its full duty by the party at Chicago. The friends of the president will not try their cases of contested delegates before the country until the national committee meets. They have no sympathy whatever in Mr. Roosevelt's endeavors to bring influence to bear upon the party tribunal—the national committee, before the evidence is heard."

"To the country at large, however, the friends of the president protest against the tactics now being employed by Theodore Roosevelt in an endeavor to excite popular passion against the members of the controlling body of the Republican party before an iota of evidence in the 'contests' to be decided has been laid before that body."

MISSOURI MAY HAVE CLEAN SWEEP

Is Likely to Win Easily at Athletic Meet at Drake.

Des Moines, Iowa, May 24.—Judging from the results of the preliminaries run off at the Missouri Valley conference meet at Drake stadium this afternoon, Missouri will make a clean sweep in the track events, with Kansas and Nebraska and possibly Coe, fighting for second place in the finals of the events tomorrow.

The preliminaries did not go in every preliminary. They placed one man in the 100-yard dash and 100-yard hurdles, three men in the 40-yard dash. Two in 220-yard hurdles and two in the 220-yard dash.

The preliminaries did not go in as fast time as was expected, although Nicholson of Missouri won his heat in the high hurdles in 15.2-5. He looked capable of equaling his performance earlier in the season when he tied the world's record of 15.1-5. Both heats of the 200-yard dash went in 22.3-5 and the 100-yard dash went in 10.1-5 and 10.2-5. This event probably will go in 10 flat or lower tomorrow afternoon.

SEEK TO SECURE NEEDED PASTORS

New Standing Committee Created by Presbyterian Assembly to Help Care For 3000 Vacant Pulpits.

Louisville, Ky., May 24.—In an effort to supply the 3,000 vacant pulpits of the Northern Presbyterian church, the assembly today created a new standing committee on vacancy and supply which will serve as a clearing house, endeavoring by correspondence which the assembly decided, after debate, should not be confidential, to bring the pastors to churches without tithes. The committee named includes: Drs. G. N. Lucecock and J. Timothy Stone, Chicago; Elder Henry P. Crowell, Chicago; B. P. Edwards, St. Louis; E. K. Hackett, Fort Wayne, Ind.; A. A. Loetscher, Dubuque, Iowa; Robert Sinclair, Cedar Rapids, Iowa.

The attitude of the church toward football as it is played in the sixty colleges under its supervision was referred by the assembly to the conference of college presidents to be held in connection with the next assembly at Atlanta.

Publishers of church periodicals were urged by the assembly to exclude medical advertisements.

TABOOED SANITARY KISS.

Give Us the Kind Grandma Used Says Seniors of University.

Chicago, May 24.—By almost an unanimous vote the senior class of Northwestern university has decided in favor of the old fashioned kiss in preference to the "sanitary" kiss which many authorities on hygiene have recommended.

This was the statement of P. B. Lugg, the class statistician who made his report to day. Each member of the class received a card on which to record his or her choice of kisses, an dthe ballot was secret.

"With one accord, the class of 1912 tabooed the sanitary kiss as a reform too premature for this century," read Lugg's report. "All called for the good, old fashioned, unimpeded smack the kind that grandma used. One woman said that the men never would succeed in business if they did not adopt the 'direct delivery' system."

MRS. QUINN ON TRIAL FOR MURDER

WOMAN MUST ANSWER FOR DEATH OF HER THIRD HUSBAND.

J. Hamilton Lewis, Attorney For Defendant, Will Seek to Show That Murder Was Done by a Burglar—Error in Draftsman's Diagram Is Pointed Out.

Chicago, May 24.—Witnesses by whom the state expects to weave its web about Mrs. Jane Quinn, on trial for the alleged murder of her third husband, John M. Quinn, were called today in Judge Adolphe J. Pettit's court.

Mrs. Louise Carey, who with her husband lived at the Quinn home, was a witness. She testified Mrs. Quinn knocked at her door about 4 a. m. on November 2 and said:

"Mr. Quinn has been shot and we've been robbed."

The witness said her husband got up and asked Mrs. Quinn what she wanted him to do and Mrs. Quinn replied:

"Get a doctor."

The witness said she remained in her room for a time and on coming out went into the kitchen where Mrs. Quinn and several policemen were. Afterwards, Mrs. Carey said, Mrs. Quinn went to the bathroom and washed her face and hands. Mrs. Carey handed her a towel. A revolver belonging to John W. Miller, also a roomer, was found in the bathroom wrapped in a towel.

Miller testified that his revolver had been missing for about a week prior to the murder.

W. S. Horner, a draftsman employed in the office of the assistant chief of police and who drew a diagram of the interior of the Quinn flat, admitted on cross-examination that he omitted a door in the drawing and said he had drawn the flat and put in "such as would suit the interests he had in mind."

Attorney J. Hamilton Lewis for the defense laid stress on the omission and he would attempt to prove the burglar, who Mrs. Quinn said killed her husband, could have escaped by this door unseen by the policemen, who will be witnesses for the state. Court adjourned until Monday.

NEW GOVERNMENT MOVE.

Use Sherman Law to Break Up "Brazilian Coffee Trust."

New York, May 24.—Questions on international magnitude came to the fore late to day when the federal government proceeded with its newest move, under the Sherman law, to break up the "Brazilian Coffee Trust."

Prominent counsel clashed with the government attorneys and judges of the circuit court of appeals took issues with some of the propositions made by the federal prosecutors. The issue mainly resolved itself into the right of the United States government to seize and sell \$10,000,000 worth of coffee, the property of a foreign state, because of an alleged illegal combine in control of the coffee market.

The coffee in question, about 950,000 bags, has been held under temporary injunction against the New York Dock company, Herman Sienken and others as alleged parties to the conspiracy, to day's proceedings were arguments for and against making that injunction permanent. United States Circuit Court Judges Lacombe, Cox, Noyes and Ward reserved decision after hearing an interesting exposition of both sides.

Solicitor General Frederick W. Lehman, who came from Washington to move for the permanent injunction and United States District Attorney Henry Wise led the government's case, while Joseph W. Choate made the principal argument on behalf of the defendants.

ROOSEVELT STILL TALKS CONFIDENTLY

FORMER PRESIDENT IN TRENTON SPEECH SAYS HE IS SURE OF VICTORY.

In Platform Utterances Friday Made No Mention of President Taft—Gave Advice to Parents and Talked About Square Deal.

Camden, N. J., May 24.—With a confident prediction of victory, Colonel Roosevelt closed his second days' campaign in this state with a speech at Trenton tonight, everywhere during the day he was greeted with large, enthusiastic crowds.

Colonel Roosevelt did not mention the name of President Taft during the day's trip. In Camden where he spoke tonight, he replied to a statement which Mr. Taft was reported to have made:

"Mr. Taft says that if my proposal for a referendum on judicial decisions were adopted," said the colonel, "there would be nothing to prevent a legislature from repealing the thirteenth, fourteenth and fifteenth amendments to the constitution and disfranchising the negroes. It is impossible to treat such statements as either sincere or serious. It is sheer nonsense. You might just as well speak of recalling the vote by which the thirteen original states adopted the constitution."

In his other speeches, Colonel Roosevelt mixed politics with various other things. He gave advice to parents as to the proper way to bring up children and urged the people to practice the "square deal."

When he alluded to politics, it was to make an impersonal assault on the bosses and to appeal for support in what he termed a straight lineup, between the people and the special interests.

MAN SHOT WIFE AND SUICIDED

Mrs. Edward Schickley Sought Reconciliation With Her Husband and Tragedy Resulted.

Chicago, May 24.—When Edward Schickley responded to an invitation from his wife, Mrs. Laura Schickley, to come to her hotel today to see if they could not effect a reconciliation, he took a revolver with him.

A few minutes after his arrival his wife was dead with a bullet in her heart, he had a bullet wound in his head which later resulted fatally. Miss Lottie Keyes is in a state of nervous collapse due to Schickley's killing of her.

"When he came into the room his wife said to him 'Ed, look at my new hat and coat; what do you think of me now?'" Miss Keyes told the police. "He never said a word, but drew a revolver and shot Laura. Then he fired at me. The bullet passed over my head. I ran from the room. I don't know the nature of their trouble."

It was at this point that the policeman was summoned.

Finally, the by-laws were declared adopted. Nominations then were made for officers of the central committee, but only recognized members of the old organization were permitted to vote. As Mrs. Hartshorn surmounted her ravel after the selection of officers, tears were running down her cheeks.

WORK AMONG STUDENTS.

Des Moines, Iowa, May 24.—Religious work among students in state universities and colleges in conjunction with other denominations, was a plan agreed upon at to day's session of the Northern Baptist convention. In conformity with this action the convention will employ a national paid secretary to the church board of education to supervise the religious work which it expects to do.

The outgrowth of this national movement will be the establishment of student pastors, as it is done in other church denominations. To survey the general subject of university religious co-operation, the convention voted the sum of \$7,000 for first year salary and expenses of the secretary.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as a sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them. Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, come of them the worst of cases. It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trade with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

INJURIES MAY PROVE FATAL

A. E. Swank, of Hillview, a prominent farmer, badly hurt in a runaway Thursday afternoon at 4 o'clock. He received a bad injury to his head and a double fracture of his jaw bone. Mr. Swank had been to Walkersville to get a load of seed corn. On his way home his team became frightened and he was thrown from the wagon in such a manner that he landed beneath the vehicle, one of the wheels passing over his head, across the ear and jaw. The skull was fractured and the jaw bone was broken in two places. Dr. H. W. Garrison of that vicinity was called and gave the necessary medical attention and Friday afternoon he was brought to Passavant hospital accompanied by Dr. Garrison and Mr. Swank's son-in-law, Charles Black. With the aid of local physicians, a portion of the skull was removed and the patient made as comfortable as possible. The attending physicians hold out very little hopes for his recovery. Mr. Swank is a well known and prosperous farmer of the Hillview neighborhood. He is 57 years of age, and lost his wife a few years ago. He has several children.

LESSON IN ELECTRICITY.

Classes of Illinois College and Whipple Visit J. P. Norton's Work Shop.

Prof. W. O. Deal, an instructor in Illinois college, took his college and "prep" classes to the home of J. P. Norton on East State street Friday evening to gain knowledge relating to their work on the hill. Mr. Norton is an expert electrician at the Kellogg Bros. machine shops, and possesses a fine equipment, which he has made with his own hands.

He has a high potential induction coil from which he claims he gets a current of 25,000 volts. By means of this coil he demonstrated to the classes the X-ray, using the Crookes' tubes. He also gave a demonstration in the molecular bombardment in reduced pressure. The Amperes rotary was particularly interesting. The induction coil possessed by Mr. Norton can throw a spark a distance of 12 inches. The machinist is now busy converting a motor into a dynamo. The class gained many points from their visit and felt most grateful to Mr. Norton.

TRADE CONDITIONS

Bradstreets Notes Marked Changes of Betterment—Dun's Says Business Continues to Expand.

New York, May 24.—Bradstreets tomorrow will say:

"With the advent of warm, dry and in some sections, sunny weather, the agricultural situation has seen a marked change for the better and final distribution at retail, in the cities at least has been quickened though the pre-occupation of farmers in their fields, has prevented much expansion in country trade. In wholesale trade and in jobbing lines there are reports of a fair amount of activity and where early crop prospects are promising, as in the southwest and northwest there has been some quickening of demand. It is, however, between seasons period in most wholesale lines and buying is conservative, and to some extent affected by the more than ordinarily excited tone of pre-convention political affairs. The apparently best situated industry at present seems to be iron and steel in its finished branches, prominent in this line being pipes, bars and wire. For these capacity is close to the maximum and prices are strong. In the cruder lines pig-iron is quieter, leading buyers having apparently filled their requirements. The cotton goods industry is well employed and the slight easing of some makes of cottons does not impress the trade much because of the strength of goods generally. New business in cottons at large markets is moderate. A favorable industrial development of the week was the resumption of work by 170,000 anthracite coal miners who had been idle since April first.

Business failures in the United States for the week ending May 23, were 218, against 243 last week; 236 in the like week of 1911; 200 in 1910; 205 in 1909 and 263 in 1908.

Dun's Report.

New York, May 24.—R. G. Dun company's Weekly Review of Trade tomorrow will say:

"The volume of business continues to expand as is evidenced by the statistics of bank clearings and railroad earnings. The situation during the last week has been improved by the much better weather, which has served to increase the retail, and to some extent, the wholesale distribution of merchandise.

"There is only fair activity in wire products and the quotation of 160 for wire nails is shaded in some instances, but tinplate for third quarter delivery has advanced.

"Fine cotton goods are quiet at first hands and the upward tendency in staple cotton goods is not so marked.

"Dress goods of a staple character are selling well for fall delivery and business continues moderately active at all textile centers as compared with the dullness of last year at this time.

"The broad silk trade is generally quiet, but ribbons appear to be in growing demand, worsted yarns are in fair request and cotton yarn spinners appear more willing to name prices closer to buyers ideas on late fall deliveries.

Trade in footwear is rather quiet, on the whole, but sales are increasing at a number of points and leather continues very firm."

CORONER HELD INQUEST.

Coroner G. V. Skinner held an inquest Friday morning at Gillham's undertaking establishment over the remains of Mrs. Joseph Hendrick, who died Thursday night at Passavant hospital as the result of burns. The facts given in the evidence were practically the same as those related in The Journal Friday and the verdict was that Mrs. Hendrick came to her death by a severe burn caused by her clothing catching fire from a gasoline stove while canning fruit. The jury was composed of T. L. Cannon, foreman; James B. Manzy, Thomas Reese, F. A. Moseley, I. M. Coffman and J. H. Jackson, clerk.

Dr. W. H. Weirich, who recently underwent an operation, is able to be around again, which is gratifying news to his many friends.

CHOICE OF CHAIRMAN

Contending Forces Have Privilege of
Test Say Rosewater of Republican
National Committee.

Omaha, Neb., May 24.—Victor Rosewater, acting chairman of the Republican national committee, who will, in that capacity, open the national republican convention in Chicago next month, read the statement of Oimsey McIlarg tonight with considerable interest. He does not believe the selection of a temporary chairman will be carried to the floor of the convention, but declared that if the delegates desired to select a temporary chairman in that manner they would have the opportunity to do so.

"The choice by the national committee of a temporary chairman, as everybody knows," said Mr. Rosewater, "is in the nature of a recommendation, which the convention ordinarily accepts. If Senator Root was a satisfactory chairman of the convention which nominated Mr. Roosevelt in 1904, it does not appear why he should not be equally satisfactory for the same position in 1912."

"The long established practice of selecting a temporary chairman in advance is for the purpose of giving him time to prepare a speech begging the occasion, and the national committee is the only authorized representative of the whole party to make this tentative selection."

"If the contending forces want to have a test at the outset it is doubtless their privilege to have it, but I do not believe such talk will in any way influence the determination of the committee to decide the contests on their merits."

WIFE AVOIDS FIGHT.

Chicago, May 24.—To avoid a possibility of a fatal fight, she said, Mrs. John C. Kuhns early to day robbed her husband's trousers and her two children's toy banks and turned the money over to a burglar, who then escaped.

It was shortly before daylight when Mrs. Kuhns awoke and saw the burglar standing in the room, throwing a flashlight about. When he saw she was awake, he drew a revolver and warned her not to make an outcry. She lay perfectly still and addressed the intruder:

"My husband and two children are asleep in the adjoining room. Please don't wake them. I don't want anything to happen."

The burglar said it was his intention to search the adjoining rooms. There were a few words and then it was agreed that Mrs. Kuhns should collect the money and give it to the man. She got the money without awakening her husband or children and the burglar passed out a door with a cheery "good night." She did not scream.

LEE BLUE ARRESTED

Sheriff Henry Mester of Sangamon County Returns Prisoner to Springfield—Inquest Over Frazier's Body Held Today.

Lee Blue, colored, who is wanted in Springfield on a charge of murder, as mentioned in yesterday's Journal, was arrested about 5 o'clock Friday morning by local police, at his home on Hooker street. Sheriff Mester came to Jacksonville and returned with the prisoner last night.

His arrest followed the death of Wyeath Frazier, colored, in the St. John's hospital in Springfield. He is a man about 60 years of age. Frazier was confined to the Sangamon county jail where it was found he was suffering from numerous cuts and bruises about the head. Erysipelas developed in the wounds shortly after his transfer to the county jail and he was ordered removed to the St. John's hospital, where he died.

According to Frazier's story to the Springfield police, he was assaulted by Blue in the house where he was rooming. He declared that his assailant knocked him down without provocation, repeatedly kicked him about the head and body and threw a stove over upon him.

Springfield authorities are unable to locate Frazier's relatives. He had worked as a laborer for various contractors in Springfield.

A coroner's inquest will be held this morning by Coroner Rhodes. If the investigation shows that the victim's death is a result of the beating, said to have been given by Blue, the only course open to the coroner is to hold the assailant to await the action of the grand jury. Members of the state's attorney force are already working upon the case and may have evidence ready for presentation to the present grand jury in session in Springfield before its adjournment.

Only 50 Women Can Join The Hoosier Cabinet Club for \$1.00

After you study the above picture you will not wonder that women are anxious to join the Hoosier club, when by so doing they have a Hoosier Cabinet delivered to their homes on payment of only \$1.00.

Think of the hundreds of needless steps every woman you know could save by having her table, pantry and cupboard, with all her tools and supplies centered in one spot.

Your energy instead of being wasted is saved and the time spent in your kitchen—the least pleasant part of your work—is reduced by one-half, the moment this famous Hoosier Cabinet comes into your home.

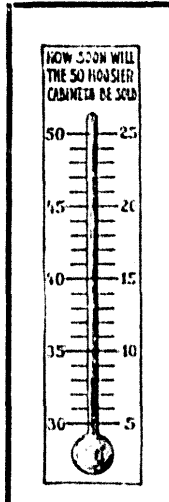

The Hoosier company sends its 2,000 agents a limited number of Hoosier Cabinets each year to be sold under direct supervision of the factory on the famous Hoosier Club Plan.

LICENSED AGENTS FOR

HOOSIER KITCHEN CABINETS

This year most cities received only 25 cabinets. Our urgent request secured us 50 of these cabinets for the ladies of Jacksonville.

Only 50 women, therefore, can join the club and have a Hoosier Cabinet delivered immediately on payment of \$1.00; balance in a few weekly payments of \$1.00. Many already have enrolled.

The Club Plan differs radically from the installment plan which often is linked with high prices and unknown goods. The low price of the Hoosier Cabinet is fixed everywhere by the factory. No Hoosier agent can sell for less or more on any terms.

So club members get a great benefit from the low price club terms. The club probably will be filled very quickly. Those who want Hoosier Cabinets should enroll their names at once.

RAIN ONLY IN SPOTS.

The rain of Friday morning early, appeared to fall heavy only in spots. At Markham there was no great amount of rain and much less at Winchester than at Jacksonville. It was also lighter east and southeast of the city. The heavy hail was bad for small vegetable stuff, especially did the strawberries suffer. The few hot days had baked the ground so the rain was most beneficial.

LIGHTNING WAS NEAR.

A. H. Atherton, who resides at 850 East College avenue, had a close visit of lightning at his home during the storm of Friday morning. Members of the family were up and Mrs. Atherton was almost dazed when one of the bolts came. The family did not know how close the electricity was until the next morning when they discovered that the lightning had followed a wire which ran along the wainscoting of the porch and clipped off portions of wood along the way. It was also learned that the lightning had struck a post on the opposite side of the street.

LET LARGE CONTRACT.

The Wabash railroad has let a contract to reconstruct the Hannibal bridge at a cost of \$105,000. The draw will be changed and other improvements made. The material and tools are now being shipped to Hannibal and work which was to have been commenced in March will start right away.

Rev. T. J. Shaw will preach at Antioch Sunday morning and evening.

FLAG GIVEN FOR THE PLAY GROUNDS

Emblem Has Been Presented by Woman's Relief Corps—Letter of Presentation.

The members of the local Woman's Relief corps, at one of their regular meetings recently held, authorized the purchase of a flag of suitable size to be placed on the pole to be erected on the playground recently donated to the city by S. W. Nichols. The flag was purchased and at the meeting of the corps Friday afternoon a communication was ordered drafted to accompany the flag. The emblem is of fine wool bunting and is 3x5 feet in size and should be highly appreciated by those for whom it was secured. The letter accompanying the emblem follows:

Jacksonville, Ill., May 24, 1912. Mr. S. W. Nichols, Donor of Public Play Grounds, Jacksonville, Ill.

Dear Sir: The ladies of the Woman's Relief Corps No. 109 wish to thank you for your praiseworthy action in presenting to the city the playground and outing spot in the First ward.

We take great pleasure in presenting through you this flag of our country, an emblem we all love so well, for a place in the playground. As it floats to the breeze, it is our hope and prayer that the young people who gather underneath its folds, and in fact, all who see it, may have added feelings of patriotism and devotion for their country. This is the banner under which our brave soldier fathers, husbands, sons and brothers marched to the defense of their country's rights, and for which so many precious lives were given, while many returned to their homes disabled or suffering from wounds or arduous service. It is the flag which was baptized in blood during the war for the independence of our nation, and later for its preservation. Now that peace exists all over our beloved land, we earnestly hope that this flag will be an incentive to all in this community to be true, loyal and patriotic citizens.

Members of W. R. C. No. 109. By Mrs. F. C. Taylor, Patriotic Instructor.

IN THE RAILWAY WORLD.
(Bloomington Pantagraph.)
Information from General Man-
ager Frank Morse that the situation
as regards finances on the Alton may
be relieved shortly, will be learned
with pleasure by all employees; busi-
ness and the public generally, and
all will trust that Mr. Morse will not
be disappointed. It has been an
open secret that the budget of bet-
terments submitted the first of the
year to Pres. T. P. Shonis aggre-
gated \$14,000,000. It was estimated
that the enlargement of the Bloom-
ington shops, new machinery, addi-
tional terminal facilities here and
elsewhere, more power, more cars,
steel rails, new bridges and general
maintenance work, would cost the
road \$14,000,000. The management has
been trying to negotiate this loan
and it is the general opinion among
the attaches of the general offices
that the inspection of the property
by the Union Pacific and Ann Arbor
officials had something to do with
the floating of such a loan should the
Union Pacific decide not to absorb
the Alton as has been currently re-
ported.

IOWA RETURNS MICHIGAN LEPER
Afflicted Man Stolen From Isolation
Hospital in an Automobile.
Des Moines, Ia., May 24.—Herman
Hirschfeld, leper suspect, for several
weeks isolated at Centerville, Ia., was
secretly returned to his home in
Bay City, Mich., last night, according
to information received here today.
The trip from Iowa was made in an
automobile, and the departure from
Centerville under cover of night. Al-
though the Michigan state board of
health and the Bay City authorities
had refused Hirschfeld, who was a
member of the city council, admis-
sion to his former home, Dr. Sumner,
secretary of the Iowa Board of
Health, decided that he should not
remain in Iowa. Shortly before day-
light Friday morning, Hirschfeld
was removed from the pest house and
placed in an automobile which was
headed toward Bay City. John
Quigley, marshal of Centerville, and
his deputy accompanied Hirschfeld.
Dr. Sumner says he acted upon his
own authority in taking his radical
means of disposing of Hirschfeld,
who came to Centerville to visit re-
latives and was ordered placed under
quarantine by the Michigan health
department. The railroad had re-
fused to allow him to ride on any
but a special train.

THE WEATHER.
The temperature for Friday, ac-
cording to G. H. Hall of Alexander,
was, maximum 76 and minimum 64.
A rainfall of .32 inch was registered
during the day.

MANY ATTEND FREE CLINIC.
People Are Taking Advantage of
Tuberculosis Infirmary.
Fifteen persons presented them-
selves for examination Friday after-
noon, at the free clinic, which was
conducted in the Unity building by
the Morgan County Anti-Tubercu-
losis society. Miss Geneva Morrison,
the nurse, and the physicians spent
a very busy afternoon, not complet-
ing their work until 6:30. The next
clinic will be held Tuesday morn-
ing from 10 to 12 o'clock. The
rooms in the Unity building afford
excellent quarters for the infirmary
and are well equipped. The office
is located in one room, while the
other two rooms are used as exam-
ining rooms. A very complete diag-
nosis is taken in each case and
carefully recorded and advice as to
treatment of the disease is given by
the physicians and the nurse. In
addition to the work done at the
clinic, Miss Morrison visits in the
homes where tuberculosis is prevail-
ing and all cases reported are cared
for. The past week she has made
twenty-two calls. Physicians assist-
ing in the clinic Tuesday were Drs.
Hardesty, Cole, Dewey, Wolman
and Bradley.

It is very gratifying to the society
to note the interest taken in the
movement and to feel that consid-
erable good is being accomplished. No
doubt many others in the city and
county will take advantage of the
infirmary during the weeks follow-
ing.

As "Ed" Howe Sees Life

Even the wife of a candidate does what she can, and smiles a little
more agreeably during the campaign.

People dislike the man who is a constant drain on
their sympathy.

I never knew a blackguard who was not very
critical.

Every man who runs believes he had a good reason
for his cowardice.

What a different world this would be if the rule
could be reversed, and the rich kin would hunt for
poor kin in order to help them!

Admire a hundred people for every one you hate.

When you shake hands with some people, it is like
putting your hand into the grass, expecting to find a
flower and encountering a snake.

Many a man who says he loves peace, is really
afraid to fight.

Bookish people know so many interesting things.

If you don't intend to marry the girl, young man, keep away, and
give a more serious man a chance.

**SONS OF VETERANS SEEK
TO SUCCEED THE G. A. R.**

**Movement on Foot to Become Heirs
of Band of Noble Men.**
A movement recently started at
Joliet may eventually be nation-wide
in its application. This movement
is based on the advice of the national
officials of the soldier order and its
auxiliaries that permanent funds be
established for the perpetuation of
Memorial day. But it goes further
than the creation of such fund and
aims at the establishment of a new
national order which shall have the
observance of Memorial day each
year as its patriotic duty in the years
to come when there will be no Grand
Army of the Republic to take care of
it.

The proposition advanced is that
the Grand Army of the Republic shall
declare the Sons of Veterans and the
Daughters of Veterans as its legal
heirs for the purpose of perpetuating
Memorial day, and the plan for
a national encampment of the soldier
order. Such an organization would
be modeled after the plan on which
the Grand Army is built. It will have
national, department and local or-
ganizations, the latter to fill the place
which has been held by the Grand
Army post since the Civil war, and
the former to meet annually for the
purpose of legislation and keep up
the feeling of patriotism and frater-
nity which is necessary to success.

A WRECK PROOF CAR.
General managers of the Alton
and other western roads will as-
semble in Chicago next week to dis-
cuss the wreck proof freight car. The
railway journals of the country have
been carrying on a discussion for
some time concerning the construc-
tion of the present freight car and
its proneness to damage through
shifting loads, rough handling and
other causes. What is desired is a
car that will be immune and thus cut
down the present heavy expense of
the roads for repairs and damage
claims for contents ruined or lost in
transit. Plans will be submitted by
various inventors, probably largely
of metal constructed cars, and the
type that appeals to the majority will
be adopted as a standard and all fu-
ture orders of cars made after the
accepted specifications.

ENJOY AFTERNOON AT PARK.
The pupils of the second, third
and fourth grades of the Morton
school, enjoyed a picnic at Nichols
park Friday afternoon. They were
accompanied by their teachers, Miss
Mabel Withee and Miss Anna M.
Loneragan, who were assisted by
Mrs. Harry Dorwart and Mrs. John
Staff. The company went to the
park at 2:30 o'clock and remained
until 5:30. A splendid lunch was
served and every moment of the
time was thoroughly enjoyed. Mrs.
Dorwart and Mrs. Staff also had a
treat for the children.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ, and so far, the only hair preparation that will positively destroy the germ is Neider's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It kills itching instantly, makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

ILLINOIS LOOKS STRONG TO WIN

Will Participate in Interscholastic Athletic Contest This Afternoon on Bradley Field in Peoria.

Coach Harmon and Illinois college athletes will leave this morning for Peoria to participate in the interscholastic athletic contest which will be pulled off this afternoon. From dope it looks as though Illinois will annex the meet, the coveted position demanding a team that can produce a winner on two first events and strong on second. In this respect I. C. looks good. Indications point to one of the fastest meets in the history of the organization and it is expected that some of the records will be broken.

Buehelt has a fighting chance for first in the high hurdles, although Williams and Vashit have in Dunn a sprier man, he having won both the low and the high hurdles in the meet last year. Buehelt also has a chance for a place in the running and jump in the low hurdles. Williams and Vashit claim to have a strong man in the pole vault, but Buehelt will make the winner go some to win.

In the weights, Illinois should make a good showing. Berry looks safe for the hammer throw, although Johnson of W. & V. claims to have hurled the lead 130 feet. W. & V. also have two men who can hurl the discs 114 feet and the best that Berry has done is 106 feet. Smith who will run the mile for I. C. will find a hard man to beat in Merrill of Bradley Polytechnic. Merrill also clips the half mile off at 2:14. Alford will enter this race and has made the time in 2:17 and was not hard pushed in the meet with Millikin when he made the time. Seifkin has a fighting chance of placing in the 440-yard dash and Morrison ought to win something in the high jump.

Tennison of Millikin is looked upon to be a sure winner in the 100 and 200-yard dashes. Ryan of Shortt is also a fast man in these events. Millikin is counting strong on winning the meet, with a few points to spare. It is the consensus of opinion that the meet will be won by fewer points than in subsequent years.

The following schools have entered: Illinois college, Millikin; Bradley Polytechnic, Williams and Vashit; Wesleyan university, Shortt; Eureka, Lincoln, Hedding and Normal.

MORNING EYE-OPENERS.

The Giants seem unstoppable, the way they are going now. Lets hope that some of the other teams will get in the race and make interesting.

The Chicago White Sox are home now and will undoubtedly do as well as they did on the road.

The Boston Red Sox made a run getting record in a recent game with the St. Louis Browns, when nine runs straight were scored by nine successive batters in one inning before anybody was put out.

Nothing to that story to the effect that Manager Johnny Kling of the Boston Braves is to get the rate. It would cost the Braves a bunch of money to flag John, as he has a three year contract.

In a recent game in Washington both Ed Walsh of the White Sox and Walter Johnson of the Nationals were knocked out of the box. It is not often that the batters are able to drive these two stars to the shed.

Before the season opened, how many followers of baseball would have picked the White Sox to polish the world's champions, and right on the champs' own lot at that?

President Murphy is said to be laying plans to build a new park that will eclipse anything now in existence. He will have to go some to outshine the magnificent stadium at the Polo grounds and the Palace of the Fans at Cincinnati. It is high time, however, that the Cubs worthy the dignity of the second city of the nation. Cub fans have been more than liberal in their patronage and deserve the best accommodations that can be had. Likewise they deserve in improvement over the present style of play the Chanceries are putting up. It is getting to be the thing to look for a defeat instead of a steady string of victories for the Cub machine these days.

FUNERAL OF KING FREDERICK.

Body of Denmark's Late Ruler Interred Friday.

Copenhagen, May 24.—The body of the late Frederick VIII of Denmark, who died May 14, was interred today in the magnificent old gothic cathedral at Roskilde, the burial place of Danish kings for upwards of a thousand years, with a ceremony the impressiveness of which was accentuated by the widespread evidence of popular sorrow.

The presence of numerous kings and queens, princes and princesses, grand dukes and other members of European royalty, together with scores of dazzlingly attired diplomats and military and naval officers, made the scene within the cathedral one of unusual brilliance. Christian X, the new king of Denmark, with the Dowager Queen Louise, sat nearest the altar. Then were seated the German emperor, the king of Greece, Queen Alexandra, the dowager empress of Russia, the king of Norway, the king of Sweden, Prince Waldemar, the duke and duchess of Cumberland and the duke and duchess of Mecklenburg-Schwerin, all of whom were closely related to the late monarch.

The funeral service was one of impressive simplicity. The prime of the Danish church officiated. Eight officers of the Danish army carried the coffin to the chapel of Frederick V, where the remains were entombed beside those of the father and mother of the deceased king. The conclusion of the service was marked by a salute of 21 guns and volley firing by a party of infantry.

The burial service was none the more impressive than the scenes enacted in the capital before the departure of the funeral party for Roskilde. Every bell in Copenhagen tolled throughout the progress of the funeral. Business and work were at a standstill throughout the city, while emblems of mourning were displayed everywhere, the little half masted flags and shreds of black bunting being as conspicuous in the poorer quarters of the city as the rich and solemn draperies that were displayed on the facades of public buildings, commercial establishments and handsome residences in other sections.

The enormous crowds of town people, garbed in black, swelled by thousands of arrivals from the country districts, thronged the square in front of the Christianborg church, while thousands of others stood bareheaded during the passage of the hearse and mourners from the church to the railway station. Both sides of the streets traversed by the funeral cortege were hedged with

Grain Letter.
Chicago, May 24.—Wheat—Declined under pressure and persistent realizing and short selling for local account. Weather crop news quite bullish, serious claims being based on hot dry weather. Kansas as usual is a subject of argument, news being such as to indicate that a bumper crop for the state is out of the question. A moderate crop for Kansas is all that can now be expected. Further losses will be expected and present a sensational situation which has over spread the balance of soft wheat sections. The market recently has been heavily overbought, continued realizing will undoubtedly result in many sharp breaks. Argentine shipments are not coming up to expectations. Russian shipments small. World's shipments for Monday will make a poor showing as but six and one-half million are estimated outside of America, which has not been a heavy exporter. Spring wheat stocks are decreasing rapidly. We look for an irregular market, but believe underlying conditions are sound and careful purchases will, if well protected, net profits.

Corn—Strong early with wheat. Commission selling of July and September was on a fairly large scale. Weather is favorable over the belt and although more than the usual number of replanting and poor seed reports are being received, there is still a fine prospect of a record breaking acreage with a crop of like sort. Soil conditions are reported good, though most of the belt and with the appearance of a seasonable weather, rapid progress will be made. Pressure of farm work keeps movement late and makes the May situation serious for shorts. May longs are standing "pat" and awaiting delivery. Unless settlements are made, sharply higher prices for May will result, even though we do not believe corn is commercially worth May price. There is every prospect of an enormous corn movement immediately following planting, most especially should the big area expected to be planted. Corn should be at least plentiful for the time after this movement. While we look for many sharp rallies through pit influences, we believe July corn sold on hard spots will pay handsomely.

Oats—We cannot but reiterate our remarks on the oats situation, especially as the oats will not be harvested until late. July oats will be old crop option. We believe old oats will sell at premium and over 60c. July will share in the high level. September at its big discount seems to be on the bargain counter. We firmly believe oats investment conservatively made and strongly protected will pay handsome profits.
